

Position: Mid Weight Interior Designer

PROJECT

Salary: depends on experience
Hours: Full time (9am till 6pm)
Start date: Immediately
Contract: Full time
(London based candidates only)

An exciting small interior design firm, specialising in boutique projects across the board including, bars, nightclubs, restaurant, residential & hotel design, is seeking a Mid Weight interior designer fluent in Vectorworks with experience in the hospitality sector.

Supporting the design team, this person will be fully immersed in many technical processes to realise their vision. **A degree in interior design and experience working for at least 3 years as an interior designer are essential.**

The position will have significant **responsibility** working closely with the design team to prepare and produce **high quality** detailed **drawing pack and visuals**.

Functions of this role include:

- **Fluent Vectorworks** skills
- Expertise in **Photoshop and Adobe package**
- A comprehensive **understanding of construction technology**
- **High-end joinery** and design detailing is imperative

The successful candidate will have **an ability to work efficiently under pressure towards deadlines**. Your portfolio will showcase **well-crafted and meticulous technical detailed drawing packs**, preferably for the hospitality interiors.

To apply:

Please send your up to date CV & Portfolio to coralie@shaunclarksonid.com **clearly stating the position applied for in the email subject**. Please also indicate your salary expectation.

We will only respond to the successful candidates.
